

UNDERSTANDING WORKING WITH PEOPLE WITH MENTAL HEALTH NEEDS

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Mental health presents one of the greatest challenges to our society. With an estimated 450 million people worldwide suffering from a mental health problem, around a quarter of British adults will experience some form of mental health problem each year. While many elements of mental health are still not understood, having a good knowledge of the information that is available is essential in the care sector.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Further your personal and professional development

What you will learn

- Gain skills and understanding to improve the experiences of service users
- Understand the importance of duty of care in adult health and social care
- Understand the role of the mental health worker
- Learn the correct approach to care and management
