

# Comp TIA+

The CompTIA Cloud+ certification is designed for learners who want to develop practical skills in deploying, managing, and maintaining cloud infrastructure. It is ideal for individuals looking to progress into roles such as Cloud Administrator, Cloud Engineer, Systems Administrator, or Infrastructure Support Specialist. As organisations increasingly adopt cloud technologies to improve scalability, efficiency, and security, professionals with cloud infrastructure expertise are in high demand across many industries.

## Commercially Funded

Our courses are designed to be accessible and flexible, with payment completed via invoice. If you are interested in enrolling, please get in touch with our team to discuss available funding options, pricing, and enrolment details.

Whether you're looking to build new digital skills, progress in your current role, or start a career in IT or cloud computing, our fully accredited training programmes provide flexible learning, dedicated tutor support, and engaging online materials designed to fit around your schedule.

 **Cost of Course:** £1200
